## CAREER OBJECTIVES

Aspiring to secure a front-end developer position in a reputable company where I can apply my technical skills in web development, with a focus on creating user-friendly, responsive, and visually appealing interfaces. Eager to contribute to the team's success through collaboration and continuous learning, while gaining hands-on experience to grow professionally in the IT field.

## PROFESSIONAL EXPERIENCE

### Mobile Application Developer Intern

July 2024 - September 2024

VisibleTeam Solutions OPC. | New York, New York, USA

- Designed intuitive wireframes and user interfaces for web and mobile applications using Figma.
- Developed a mobile application using React Native and Expo Go, delivering a seamless user experience with efficient navigation.
- Enhanced version control practices by applying knowledge of Git and GitHub, including conventional commits and essential Git commands.
- Gained hands-on experience with tools such as Postman for API testing, WordPress and Elementor for website management, and Puppeteer for web automation tasks.

### Security Operations Center (SOC) Intern

August 2023 - October 2023

Mirklabs I.T. Solutions | Binangonan, Rizal

- Conducted vulnerability scanning of clients' websites using WPScan, generating comprehensive reports detailing findings and recommendations.
- Developed skills in using Kali Linux and Linux command line for various cybersecurity tasks.
- Investigated and analyzed security events and logs, effectively identifying malicious IP addresses and preventing potential breaches.
- Utilized SIEM for monitoring logs to enhance security incident detection and response.

## CERTIFICATION AND TRAINING
